A few months ago I was taken down with a severe sickness, which confined me to the house quite a long time, and much of the time I was so very lame as to be unable to walk, and my left leg, from the hip to the toes, became monstrously swollen, and I suffered extremely from the constant intense pains produced by so great inflammation. I was trying the various so-called cures all the time, and was under the treatment of a physician seven weeks, but getting no substantial relief. At this time an old-time friend, a police of her, called upon me, and during our conversation informed me of the great benefit which he had obtained by the use of Hunt's it was estimated that the number on the him of march. Some weeks ago we explained how the surplus whisky of the country was to be handled, in order to avoid the loss that must ensue upon taking it out of bond, paying the tax and putting it on the market. The system adopted, and to which the revenue department could raise no obection, was to ship it by a "bonded road" to a seaport, and thence to a foreign soil. It was then to be returned and a payment of duty equal to ten per cent, of the tax made, when it became an import, entitled to be again entered in bond for one year. The system has now been in operation for some six weeks very successfully. The attempt was made to ship it into Canada, but the Dominion regulations will not permit packages of less than 100 gallons to pass over the border. Honduras ports, and Bermuda, then became the favorite shipping points. Bermuda is the nearest port to which American liquors can be experted and taken away again without payment of duty. Clara Barton, President of the American Association of the Red Cross, Washington: The Association for Copias county is organized and doing splendidly. In this county there are about 100 to 200 wounded, 1,000 homeless, and everything—houses, bedding and clothing—blown away. In the course of twenty miles the desolation is complete, and no more worthier occasion for sustained aid could be placed before a sympathizing and generous public. All is not yet known, but it is appalling as it is. Money is needed at once to pay nurses, buy food, clothing, etc. Send contributions to one of the Association's Trustees, namely, Secretary Folger, Secretary Lincoln or Commissioner Loring.

He knew that Gilbert was a brave soldier, and that he was reckoned to be a deadly shot. Nevertheless, Denver reserved his fire, and purposely threw away his ewn. Happily, Denver escaped untouched. Every effort Denver escaped untouched. Every effort was then made by the seconds and by mutual friends for peace. Gilbert was informed that his antagonist wished to clasp hands, but Gilbert refused the request in terms which showed his friends that he had determined to kill Denver. The principals returned to their positions, "Now," said Denver, in a tone I shall never forget, "I must defend myself;" and at the word Gilbert fell, pierced through the heart. The cow-catcher was within about three feet of the body when we stopped. I thought it was some poor tramp who had fallen down and frozen to death. I could see the body just as plain as I see you now, but when I got down and went to the front of the engine I couldn't see the sign of a man, nor where any one had been. This was a sticker, for there were several inches of snow on the ground, and had anyone been there I could have seen the print in the snow. I was so much astonished that I could not speak for a few minutes. At last my companion asked me if he was dead. I told him there was no one there, and he replied, 'What's the matter with you? I see him right at your feet.' caused me to take the second look, but not the sign of a man could I find. I got back into the cab, and, strange to say, I could see that body just as plain as day. I sent my fireman down and watched him. He walked all over the body, and came back in a moment with the whitest face I ever saw on a human being. Neither of us could speak a word. It was terrible; so I started up the grade, determined to

not to be overcome in a day; it has taken years of hard study and boundless experimental researches to finally reach the climax of success. The curative properties of PETROLEUM were well known to the perfection of all preparations ever manufactured for that purpose. You need not take our word for it. READ WHAT THE PEOPLE SAY ABOUT

IT: Charles Langley & Co., San Francisco—Bear Sir: I take great pleasure of informing you of the most gratifying results of the use of CARBOLINE in my own case. For three years the top of my head has been completely baid and smooth, and I had quite given up any hope of restoring the hair. For weeks ago I noticed the advertisement of CARBOLINE, and, on the recommendation of a friend, I concluded to try a bottle, without any great hope of good results, however. I have now used it less than a month, and to my most agreeable astonishment, my head is completely covered with a fine, short, healthy growth of hair, which has every appearance of continued growth; and I confidently believe it will restore it as completely as ever it was in my youth. Youth.

I take great pleasure in offering you this testimonial, and you have my permission to publish the same. Yours truly, CHAS. E. WHITE, Davisville, Cal.

Subscribed and swern to before me.

JAMES D. KING, Notary Public. JAMES D. KING, Notary Public.

Jos. E. Pond, Jr., attorney-at-law, North Attleboro, Mass, says: "For more than twenty years a portion of my head has been as smooth and free from hair as a billiard ball; but some eight weeks ago I was induced to try your CARBOLINE, and the effects have been simply wonderful. Where no hair has been seen for years, there now appears a thick growth. I expect the growth to be slow, but it is growing now nearly as rapidly as hair does after it is cut. You may use the above testimonial if you choose, and may refer to me for its truth."

ALFRED PHILLIPS, druggist, of Gloversville, N. H., says: "My wife has tried CARBOLINE, and she has now a coating of hair over the top of her head an inch long, where her head has been entirely bald for years." DONGOLA, Ill., March 19, 1879. DONGOLA, Ill., March 19, 1019.

Sirs: By the persuasion of a friend, I began to use CARBOLINE on my head last September, which had been bald for twenty years, and now I have a nice growth of hair on my head that surprises everybody that has observed the fact.

A. G. WILLIAMS, M. D.

MR. GUSTAVUS F. HALL, of the Oates Opera Troupe, writes: "After six weeks' use, I am con-vinced that your CARBOLINE has and is producing a wonderful growth of hair where I had none for years."

Your CARBOLINE restored my hair after everything else had failed. I consider it the best thing out for the purpose intended.

VI. A Terrible Case of Salt Rheum SACRAMENTO, Cal., August 1, 1882.

Mr. J. P. Sarsfield—Dear Sir: I have been troubled more or less for many years with salt rheum, and last fall I had a terrible attack of the disease on my hands, arms, feet and legs, and was spreading all over my body. I suffered the most intense pain for months. I tried many remedies, but none appeared to give me any relief until I used your Chronic Ulcer Salve. I received immediate relief, and after using the salve for about two months, found myself cured of the direful disease. And I take great pleasure in recommending the Chronic Ulcer Salve to all persons troubled with that painful disease.

Mr. J. P. Sarsfield—Dear Sir: In 1870 I was troubled with varicose veins, which became ruptured and broke cut on my shin bone, and for two years I suffered great pain and was unable to attend to any business. I was treated by several physicians in this city and elsewhere without receiving any relief; but accidentally hearing of some of the wonderful cures produced with your medicine and Ulcir Salve, I determined to try it, and in about seven weeks I was permanently cured, and have not had the least trouble since; and it gives me great pleasure to give you this testimonial.
